## Center H2CU 2004– 2014 Celebration of 10 Years of Activity

The H2CU Center has celebrated in 2014 the 10 years of activities, and for this occasion H2CU has organized a special council that was held at Sapienza University of Rome January 23. The participants had discussed the accomplishments reached in this 10 years from the H2CU Center and the Universities partners, with the best wishes to continuing the developing of the collaborations. The H2CU Director Lucio Ubertini has awarded the participants at the event with the H2CU medal, among all the Former Rector of Sapienza Prof. Renato Guarini, the Deputy Rector of Sapienza Prof. Antonello Biagini, and the Rector of Università per Stranieri di Perugia Prof. Giovanni Paciullo. During the event, collaborators, students and alumni of H2CU, they have presented their research and projects.

## H2CU Student's Corner: PhD theses Sapienza - NYU

The Department of Civil, Construction and Environmental Engineering (DICEA) of Sapienza University of Rome and the Civil and Urban Department (CUD) of New York University Polytechnic School of Engineering have signed an agreement of Scientific cooperation in respect of the development of the PhD thesis of the student of Sapienza Federica Rosso. The research of Federica for the theses will focus on Material degradation, material characterization and material performance evaluation. The student Federica Rosso will spend different periods as visiting researcher scholar at NYU during the development of her PhD program. The professors responsible for the project are Prof. Marco Ferrero for Sapienza University of Rome and Prof. Masoud Ghandehari for NYU.
